There's no music sweeter to our ears than a baby's first cry. And that's why we are so committed to providing moms-to-be with the finest healthcare in the Grand Lake Region.

With two obstetricians – a male and a female – and two midwives, we offer many choices, but only one uncompromising standard of quality. Our medical professionals are highly skilled, yet youthful, energetic and compassionate. They surround our patients with warmth, comfort and TLC.

As part of the GRAND LAKE HEALTH SYSTEM™, we also offer outstanding state-of-the-art facilities. What better way to bring precious little miracles into the world.
